INTENDED TO KILL

Details Published of Plot to Assassinate Count Witte.

WOULD BE ASSASSIN KILLED

Plot Was Betrayed by the Revolutionary Bureau and His Victim Was Informed—Four of the Revolutionists Kill the Arch Plotters.

ST. PETERSBURG, July 3.—From revolutionary sources there has been obtained and published details of a sensational and reactionary plot to compass the murder of Count Witte, the former Russian Premier who represented the country at the peace negotiations at Portsmouth. This assassination was planned by the Moscow branch of the union of true Russian people, the organization to which the Emperor sent a communication on June 17, conveying his blessing to the ultra reactionary party and his hopes for the success of its purposes. The execution of the plot was entrusted to the leader of the Moscow branch, a man named Kahantzeff who came to St. Petersburg the latter part of May and secured employment in a factory as a common laborer. He befriended several of his fellow workmen and after announcing himself as an anarchist, he enlisted four men to aid him in carrying out his commission. It was planned to throw a bomb at Count Witte's carriage from the window of a cheap boarding house, while the count was on his way to attend a meeting of the council of the Empire. The plot, however, was betrayed by the revolutionists bureau, which warning was received by Count Witte. The former workmen continued to pretend loyalty to Kahantzeff in order not to arouse his suspicions. The day for the assassination was fixed and that morning Kahantzeff led his supposed assistants to a woods in the vicinity of St. Petersburg in order to get the bombs from a secret hiding place. At this point the four men turned on Kahantzeff and killed him, carrying out the sentence of death passed on him. The revolutionists kept the facts in their possession secret in order to aid the police in identifying the murderers of the young men who were found in a wood in the suburbs of this city June 11, with their throats cut and who were supposed to have been executed by fellow terrorists as spies. Through the aid of certain telephone numbers this crime has been traced to some well known leaders of the black hundred's organization of Moscow.

STUDENTS MOBBED.

Among the students was William DeMurray, an American from Mobile. The ambassadors of the countries to which the students belong will sign a joint note to the minister of Foreign Affairs Tittoni to take precautions to prevent a repetition of the outrage.

THE UNWRITTEN LAW.

Iowa Supreme Court Repudiates It In Scathing Rebuke.

CHICAGO, July 3.—A dispatch to the Record Herald from Des Moines says: "The Supreme Court of Iowa, in a decision delivered yesterday, repudiated the 'unwritten law' and added a scathing rebuke to C. A. Barnets, county attorney of Dubuque County, who made an argument to the jury constructed to countenance a resort to this 'law.' The decision is in the case of Dr. P. M. Harmann, a physician of Dubuque, who was charged by his wife with being unfaithful to his marriage vows. Mrs. Jacob Koifer of Dubuque was named in connection with the case. The trial in the lower court resulted in a conviction of the prisoner. During the trial the county attorney said to jury:

"Instead of trying a case of violation of marriage vows here, talk of marriage here, you should be here for the determining whether not Jacob Koifer would have been guilty of murder if he had exercised his manhood, taken a gun or pistol and shot through the heart of Dr. Harmann. The Superior Court says: 'This statement has no foundation in law or fact, and it is highly important that no such appeal be made. It was the duty of this county attorney to discourage the very thing he was countenancing.' The Supreme Court reversed the verdict of the jury owing to the appeal made by the county attorney and held

G.B. Burbans testifies After Four Years. G. B. Burbans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." T. F. Laurin, Owl Drug Store.
